December 30, 2016

Federal Communications Commission

Office of the Secretary

445 12th Street SW

Washington, DC 20554

Dear Sir or Madam,

I am writing today to request a waiver for an extension to file BEAR Form 472 for the year 2015-2016.

On June 30, 2016, Deanette Jarman, retired from the position I now hold. At the time of her retirement she transitioned a list of items for the coming months to meet deadlines. As far as e-rate her notes did not cover the October 1st deadline to file the BEAR Form 472 to receive approved reimbursements for internet services from the 2015-2016 school year. Just yesterday, the school district book keeper brought my attention to the fact that a reimbursement had not yet been received from Ralls Technologies for the internet services. As I began to investigate further, I became aware of the October 1st deadline for BEAR Form 472.

According to the information I acquired from USAC, there is a 120 grace period to file the BEAR Form 472 after services have ended, in this case June 30, 2016.

Our entity BEN is 136964

Our FCC Registration Number is 0002510378

FCC Form 471 Application Number: 1028426

Nickname: C1Ralls1516

CC Docket No. 02-6

I am unable to view the reports for the 2015-2016 year, but I can attest that invoices were paid for internet service each month at a rate of \$1,275.00 over 12 months for a total of \$15,300. I have included three months of invoices and can supply all 12 months if necessary.

This waiver request is to seek an extension to filing the BEAR Form 472 to allow our school district to recoup the previously approved reimbursement funding.

Assurance statement: I will obtain training on e-rate timelines and forms to ensure a future waiver is not requested on our behalf. Thank you for your consideration, if you need further information, please contact me.

Sincerely,

Tara Lewis, Ed.D.
Superintendent
